

CleanSpace®
RESPIRATORS

EVERY BREATH COUNTS

POWERED RESPIRATORS
FOR HEALTHCARE

CE
2056

A MAJOR INNOVATION IN PERSONAL RESPIRATORY PROTECTION FOR HEALTHCARE –

Designed by biomedical engineers.
A lightweight compact powered
respirator. Minimal parts. Ergonomic
with no cables, hoses or helmets.

CleanSpace provides fresh
clean air on-demand as you
breathe and is designed to
deliver high levels of protection
and the ease of use required by
healthcare professionals.

Delivers significant benefits in
high protection, superior wearer
comfort and streamlined
cleaning-care protocols.
