**application**  
Disposable blades for microtomes made of stainless steel

**soft tissue**  
**hard tissue**  
**cryostat**  
**thin sectioning**  
**ribbon sectioning**  
**angle**  
**pcs./box**  
**L x W thickness**  
**package size**

**LOW PROFILE**

	<p><b>MS200</b> (Art.-No. 109211) Universal blade for daily routine in histological laboratories, ideally suited for all types of tissue. Short trimming time, very good cutting quality. Especially good for ribbon sectioning cuts, even with very thin cuts. Also suitable for industrial research applications for cutting paraffin and plastic embedded samples. All-rounder with unique hardened cutting edge and excellent durability. Latest plasma technology.</p>	✓✓	✓✓	✓	✓✓	✓✓	35°	50	80 x 8 mm 0,25 mm	116 x 53 x 25 mm
	<p><b>MS300</b> (Art.-No. 109212) A very sharp specialized blade, equally good for soft and hard tissue also recommended for cutting bone tissue. Ideal for FNA (Fine-needle aspiration) specimens, biopsies, mamma, lymph nodes and other tissue types as well as for ribbon sectioning. Latest plasma technology.</p>	✓	✓✓		✓	✓✓	35°	50	80 x 8 mm 0,25 mm	116 x 53 x 25 mm
	<p><b>MS24</b> (Art.-No. 109207) Robust blade with excellent sharpness and durability. Suitable for hard tissues but also for soft tissues and bone biopsies. Even for hard and difficult tissue like uterus and colon cuts. Very good results also with animal preparations. Excellent references for cryostat. Teflon coated.</p>	✓	✓✓	✓		✓	35°	50	80 x 8 mm 0,25 mm	116 x 53 x 25 mm
	<p><b>MS33</b> (Art.-No. 109206) Blade for all types of tissue especially for applications where extremely thin, high-quality sections are required. Suitable also for skin biopsy. Short trimming time and increased durability.</p>	✓✓	✓		✓✓	✓✓	30°	50	80 x 8 mm 0,25 mm	116 x 53 x 25 mm

**HIGH PROFILE**

	<p><b>High Profile Plasma</b> (Art.-No. 109213) High profile blade with excellent references for cryostat and ribbon sectioning. Special hardened cutting edge, short trimming time and excellent durability. Latest plasma technology.</p>	✓	✓	✓✓	✓✓	✓	35°	50	80 x 14 mm 0,32 mm	116 x 53 x 29 mm
